Help Us Program Your Abstract Correctly. You have to write down the topic of your poster at the top of the abstract. *All abstracts are going to be selected as posters.*

Important Procedural Information

In addition to submitting your abstract, you must register for the meeting. After submitting your abstract, you must submit a separate application if you wish to apply for any of the Society awards and follow the process required by the society.

Abstract Confirmation/Receipt

You will receive a confirmation email, within 24 hours after submitting your abstract. Please print this information and keep it for your records. If you do not receive a confirmation of receipt, then your abstract was not successfully submitted and it will not be reviewed or programmed by the Program Committee.

Notification of Programming

The first author will be notified via email once the abstract is accepted and later the date of their presentation as poster.

Title, date, and time of session in which abstract has been programmed as posters.

This information will be available through the abstract system. It will also be emailed prior to the early registration deadline. *Co-authors will not receive notification.*
